

**Gathering of Light Bringers**  
**October 14 - 18/19, 2022**  
**White Eagle Lodge, Montgomery, TX, USA**

This is the 9th gathering of the Co-Creators Convergence (CCC). Our group was formed by students inspired by the visionary Barbara Marx Hubbard in 2013. We have met annually in her memory to continue her work of visioning Humanity's breakthrough to higher vibrational Beingness and a world that works for everyone.

Our theme this year is "GATHERING OF LIGHT BRINGERS". We recognize that everyone has the potential to shine their Light and lift the vibration of the planet by sharing their "Gift to the Shift in Humanity". What is your gift?

**WE CO.CREATE OUR "AGENDA"**

It is a tradition at CCC that everyone who attends IS an unique gift and ALL are offered an opportunity to share that with the entire group. Interactive experiential processes are highly encouraged; lecture "presentations" are discouraged. [Information on how to submit a process for sharing is covered in the registration link below.]

Of course, everyone does not have to offer a process/experience! BEing fully present and participating is also a greatly valued gift. To that end, we always meet in circle and value everyone's form of contribution to the gathering.

**SACRED SPACE**

Once again, we will gather at White Eagle Lodge of the Americas in Montgomery, TX. We will enjoy the sacred spaces including the "Temple of the Golden Rose", Labyrinth on Temple Hill, the Sacred Grove, and of course the outstanding accommodations, heated salt-water pool and the organic, vegetarian cuisine.
